Background

Abidjan is currently represented by the Ministry of Economy and Finance of Cote d'Ivoire, upon its launch, Abidjan International Financial City will take over this role. The Ministry is being supported by a high-level public-private working group that is working on a sustainable finance roadmap for Cote d'Ivoire.

Objectives

Ministry of Economy and Finance's 2017-2020 Strategic Action Plan aims to contribute to the Cote d'Ivoire through effective management of the government's economic, financial and monetary policy. The general objectives are:

- Mobilization and optimization of resources for financing the economy;
- Support for the structural transformation of the economy;
- Modernization of economic and financial administration; conduct of economic, financial and monetary reforms; and
- Improving governance and promoting ethics.
