Background

The Qatar Financial Centre Regulatory Authority is the independent regulator of the Qatar Financial Centre (QFC), established to authorise and regulate firms and individuals conducting financial services in or from the QFC. The QFC Regulatory Authority has built a principles-based regulatory regime aligning common law and embracing transparency, predictability, and accountability.

Objectives

The QFC Regulatory Authority's objectives include the promotion and maintenance of efficiency, transparency, integrity and confidence in the QFC, as well as the maintenance of financial stability and reduction of systemic risk.
